RIGA, Aug. 20.—Actual relief work for the starving of Soviet Russia by the American renea administrator was well under way today.

The first food shipment of 600 tons of rice and sugar for the children of Moseow arrived in Riga from Dannig today on board a chartered German vessel. The steamer Phoenix, with a big Joad of relief food was expected to reach Petrograd today or tomorrow.

Dr. Fridigo Nanson and a party of companions returned today from Moseow, and he is going to Paris to endeavor to raise £10,000,000 in the form of European government loans to aid in the famine relief.

Dr. Nansen declared he was impressed by the earnest desire of the Sortiet government of devote its full energies to overcoming the present discress. He was of the opinion that if Russia were freed from the isolation in which she finds herself, the country soon would be on the road of recovery.
